### **For Action!**

The CSP is calling on members to consider putting themselves forwards for the new Equity, Diversity and Belonging Committee that will oversee the delivery of the CSP's EDB Strategy. It would be great to see applications from Wales – could that be you?

### Working with CSP networks!

Do you know about the CSP's diversity networks?

- DisAbility
- Black, Asian and Minority Ethnic (BAME)
- Lesbian, Gay, Bisexual, Transgender, Queer, Intersex, Asexual (LGBTQIA+)

These may be of interest to you – all are developing plans for activities for 2022 and would welcome any CSP members from Wales who would like to join.

CSP Welsh Board is going to be working with these networks in the coming years to help raise the profile and link members with their work.

CSP Welsh Board has reviewed it's objectives for 2021 and looked ahead to 2022. See the Wales bulletin (coming soon) for our achievements and the centre of Frontline (Feb issue 2022) to see what we achieved in 2021. ### **Update from the Welsh Allied Health Professions Committee (WAHPC)**

Non updated the Board on developments around delivering the 'National Clinical Framework' for Wales.

This will be something the Board will be looking at in more detail in 2022 and comparing to other parts of the UK to see what this means for physiotherapy and AHP service delivery here in Wales in the future.

There is a drive towards delivering services in primary and community and it will be essential to have strong AHP leadership at all levels.

### **WAHPC continued....**

Watch this space for more on this and on delivering the AHP Framework for Wales.

We must make sure that physiotherapy is fully engaged in all developments and that we have representation in all key areas. Do you know about this?
